Thursday October 19th, 2017
8:00 a.m. - 3:00 p.m.
Timmons Group
1001 Boulders Parkway - 5th Floor

General Class Information

VDOT has established a mandatory Work Zone Traffic Safety Training Program (The Work Zone Traffic Control Training Program or WZTCTP). This program is based on Federal Highway Administration regulations provided in the Code of Federal Regulations (23 CFR 630 Subpart J).

As of July 1, 2009, any employee of a heavy construction company who is responsible for work zone traffic control planning, design, implementation, inspection, and/or supervising the selection, placement, or maintenance of traffic control schemes and devices in work zones on the State Highway System is required to have this training.

RAMCA holds classes to teach the basic, intermediate, and advanced work zone classes using certified instructors. RAMCA also conducts private classes for those firms who need to train a number of their people and wish to hold a private class at their facility. Please contact Vanessa Patterson by phone (804.346.0522) or email (vanessa.patterson@ramca.info) if you would like to conduct a private class at a remote site.

VDOT Intermediate Work Zone Safety Training:

This two day course is required for all persons with duties that include any of the following construction type activities:

- Inspection of the placement or operational function of work zone traffic control devices
- Construction supervisory responsibilities
- Maintenance of Traffic Coordinators on construction projects
- Regional Traffic Engineering Work Zone Safety Coordinators
- Regional Safety Engineers (ES&H), Traffic Control Supervisors, Personnel with responsibility for the development of work zone safety policies and procedures

Price:

RAMCA Members - \$395

Non-Members - \$425

Note: Class includes breakfast, lunch, course materials, beverages and the VDOT certification card.

Instructor

Glenn D. Blankenbaker, MESH is the VDOT approved instructor for all RAMCA Work Zone Safety Training Classes. He is a 50+ year Safety Professional. Retired in 2008 after serving for 33 years as the Occupational Safety Manager for the City of Virginia Beach, Virginia. He was responsible for the City Safety and Health program for 7,900 employees. The heart of that program was safety training. Glenn is an experienced instructor and have developed and conducted many safety training courses. He is also available to teach OSHA 10 and 30 courses to be scheduled as needed.

RAMCA CLASS POLICY

Registrations are taken on a first-come, first-served basis. Payment is required in advance of the class. For your convenience, credit card payments are accepted. If payments are to be made by check, payment must be received prior to the class date. Payment will not be accepted the day of class. Registrations made within a week of the class may be paid by credit card to insure payment prior to class.

RAMCA reserves the right to cancel any class that does not meet the required minimum of students. RAMCA reserves the right to reschedule any class due to weather or unavoidable circumstances.
